Meet our Presenter

Patti Fetzer MSW, LISW, has over 15 years experience in developing and implementing quality programming and system change efforts that engage and empower individuals and families with mental, emotional, behavioral and societal changes.

She is currently the Manager of Community-Based Services at Community Services of Stark County in Canton. Patti is also a certified trainer of the Ohio Department of Mental Health.

Training Objectives:

The objective of this training is designed to provide participants with the information and inspirational "**keys**" to unleashing their potentials as case managers, community psychiatric supportive treatment providers, service coordinators and connectors.

This session meets the needs of those who are new to the field as well as the seasoned practitioner. Explore and discuss the principles & expectations of case management, the service delivery systems & community resources, strength-based assessments and service planning.

By the end of this training you will learn how to:

- *Write goals and objectives expressed in consumer's own words*
- *Identify barriers that keep consumer from meeting their goals*
- *Decide interventions that consumer can achieve*
- *Identify personal behaviors that enhance appropriate consumer/staff boundaries*
- *List rules for good documentation*
