

SUPPORT GROUPS

All of our support groups are held in our Women's Recovery Offices at 838 Coburn Street in Akron. This is a friendly, women-only area where patients can feel welcomed and relaxed during the treatment process.

WOMEN'S RECOVERY GROUP

Provides patients with support on their recovery from drugs and/or alcohol abuse, while examining significant women's issues.

M.O.M.A.T (Mothers on Medically Assisted Treatment)

Provides support to pregnant women and mothers who are receiving medically assisted treatment. Case management services are available to facilitate communication between patients and the hospital to insure best outcomes for new moms and babies.

EMPOWERING WOMEN IN RELATIONSHIPS

Provides support for women who wish to explore and cultivate more positive relationships. Skill development is designed to increase self esteem and personal coping strategies are taught to women.

STRESS MANAGEMENT WELLNESS GROUP

Focuses on the total well being of the women. In this group women learn how to eat right, control stress and strengthen their bodies.

Focusing On Your Future

Women's Recovery Program

a program of the
Community Health Center

MANY WOMEN TODAY NEED HELP DEALING WITH SUBSTANCE ABUSE AND MENTAL HEALTH ISSUES.

It is estimated that over 2.5 million women in our country abuse drugs and some six million women are known to abuse alcohol, yet less than half receive the treatment they need. The stigma, responsibility of childcare, lack of transportation and not being aware of available aid are all reasons many women are not able to successfully confront their substance abuse and mental health problems.

WOMEN'S RECOVERY PROGRAM

Community Health Center (CHC) has been providing specialized women's programming in the community since 1990. The Women's Recovery Program at CHC is designed specifically to eliminate barriers that inhibit intervention and prevent treatment, while at the same time, provide a lifeline between women and the many community services available to them.

The Women's Recovery Program strives to offer our patients holistic care, designed to create a future of total well being through our wrap-around services. We offer gender-specific, trauma sensitive programming which includes comprehensive substance abuse treatment as well as mental health services. Our program addresses the stigma of substance abuse and the trauma many women have faced in the past, often times addressing the root of their substance abuse and mental health illness.

THE WOMEN'S RECOVERY PROGRAM PROVIDES THE FOLLOWING SERVICES:

- Individual Counseling
- Intensive Outpatient Treatment (IOP)
- Support Groups for specialized needs
- Vocational Services
- Skills Training and Personal Empowerment
- Case Management

OUR TREATMENT PLAN INCLUDES:

- In-depth medical and financial assessment
- Specialized treatment for pregnant women
- Parenting training and childcare planning
- Additional counseling services for physical, emotional or sexual abuse
- Specialized treatment addressing stigma, trauma and treatment awareness
- Primary healthcare
- Life skills and vocational training

CHILDCARE RESPONSIBILITIES

To assist with childcare obligations, CHC offers drop-in and traditional childcare services through our daycare center, KidSpace, to all patients during appointments and group sessions. Our staff can also assist patients in enrolling children on a full or part time basis. Infant through school-age programming is offered and Title XX is accepted. Free drop-in childcare is available at our main Women's Recovery location (838 Coburn St., Akron) for IOP groups and individual sessions.

TRANSPORTATION

CHC provides case management assistance to help patients obtain transportation services to appointments. If no alternative transportation is available, we may provide bus passes on an as-needed basis.

RESOURCE CENTER

We offer a wide variety of publications, videos and books on women's issues, parenting and other healthcare topics. We also have information about additional services available to women in the community as well as clothing and family necessities that are donated to the program from time to time.

HOUSING

Community Health Center works with OMCDC (Ohio Multi-County Development Corporation) to provide housing for people in recovery. We can help connect our patients with housing to help them rebuild their lives. A documented period of sobriety and an active treatment plan is required.

Additionally, CHC offers a supportive housing program called Touchstone for women in treatment via our video therapy program. Women who are Medicaid eligible, have children under the age of 5, are pregnant or have a disability can qualify for this program. On-site childcare and dining services are available. Call 330-315-3718 to learn more about our housing programs.
